Data Practices Policy

Javens reported a request for information came into the office on January 8, 2016 and she did not find a data practices policy on file that outlined how to respond to such requests. She presented example data practices policy that could be adopted from the Information Policy Analysis Division (IPAD). After discussion, the Board wanted to review the policies in more detail, get feedback from legal counsel, and discuss again at a later meeting.

Request for Information: Ditch 23

Corey Hoffman requested all information regarding the handling of the Ditch 23 cleanout project. The Board stated they did not handle this project and most of the information would be on file with Yellow Medicine County. There may be some meeting minutes that discuss the project, but that would be the only information on file. Javens will review the past meeting minutes and send those to him.

Request for Payment: Sterzinger Construction

Boulton reported that Sterzinger Construction rented a long stick backhoe to B&R Tiling during the Ditch 4 cleanout and he has not been paid. The Board discussed the issue and determined they could not pay Sterzinger the amount due unless B&R Tiling provided a written statement allowing the action in the spring when he finishes the project and has money due.

Request for Re-determination on Ditch 39

Dritz reported that Alan Neuse contacted him and was in favor of starting a redetermination of benefits. If he was added to the petition, the petition would meet the 50% minimum requirement to order the redetermination. Since it was not a notarized addendum to the original petition, it cannot be counted as part of the 50%, however the Board can order the redetermination without the 50% criteria being met. Motion by Dritz, second by Boulton to order the Redetermination of Benefits on Ditch 39. Motion carried 4-0.

Manager Reports

Boulton gave an update on some projects that were in process with Area II River Basins, Inc.

Buysse joined the meeting at 10:00 a.m. and began presiding over the meeting.

Administrator Report

Javens reported on some training opportunities. Dritz and Boulton will attend the wetland and drainage conference on February 11 in St. Cloud.

Javens reported that Scott Tedrick is representing the Yellow Medicine River watershed on the Minnesota River Congress Board. She also shared some emails that were received from interested citizens.

Closed Session

The meeting went into closed session at 10:30 a.m. to review the performance of the interim administrator and discuss a potential offer of full-time employment.

Return to Regular Meeting

The closed session ended at 10:45 and the regular meeting resumed. Buysse reported that the performance of Javens met their expectations and the Board wanted to offer her the position permanently and requested Attorney Engels to compose an offer letter.

At 10:45 a.m., Sterzinger and Lozinski joined the meeting.

Public Comment

The Board discussed the request for payment from Sterzinger Construction with Sterzinger as previously documented in the minutes.

The Board discussed issues on Ditch 4 brought forth by Lozinski.
