**Old Business – Annual Report**
Sent out to the board members to be reviewed before submittal

**Old Business – QuickBooks Update**
Provided update on progress made and confusion with the company and including payroll in the package that was ordered, matter was resolved and they fixed the mistake.

**New Business – Permits**
There were four permits approved and we are waiting for more information on ten permits before they can be approved. Dritz made a request to have the board members provided maps of the tiling permits approved to be included in board minutes.

**New Business – ArcGIS**
Michelle priced options for updated ArcGIS. A whole package cost over 10,000 but she applied for a grant and got the updated version of ArcGIS and additional extensions for $200. The grant is allowed to be applied for each year in the future.

Dritz moved to authorize payment for the ArcGIS and extensions. Boulton seconded. Motion passed 4-0.

**New Business – Website**
Dawn updated the website with the One Watershed One Plan information. It is now on the website under the tab projects. All of the One Watershed One Plan partner organizations have links to their websites listed.

**New Business – Permission to Dispose of Items**
With the changes in the office and the remodeling that we are having done there are a lot of items that the office does not use anymore. Michelle is requesting permission to dispose of old/broken equipment, out dated resource material, and other items that do not have a value and are not require to be retained by the watershed district or do not need prior approval from the historical society.

Dritz moved to approve office staff permission to dispose of unused office supplies. Boulton seconded. Motion passed 4-0.

**New Business – Managing Human Resource Seminar**
MCIT is hosting a seminar about hiring process and the procedures to hiring employees.

Boulton moved to attend the seminar. Volstad seconded 4-0.

**New Business – MAWD Request for Input: 3 Priorities for 2018 and Beyond.**
MAWD increased the dues this year and are requesting three priorities the watershed districts would like to see. The board discussed different ideas and came to the conclusion of these three.
Human Resources Aid- One example was to develop templates for policies that have been approved by an attorney so that each watershed does not need to incur those costs.

Training – They recognize that this is already something that is being implemented but feel it is so important that it still needs to be listed.

Directory of Resources – They talked about having a directory of individuals who are “experts” in something specific. A go to person that may give some assistance. An example was maybe there is someone who is really knowledgeable in Drainage Easements that could, or wouldn’t mind answering a few questions before we go straight to calling an attorney.
